COUGHS.

"Brown's Bronchial Troches" are used with advantage to alleviate COUGHS, SORE THROATS, HOARSENESS and BRONCHIAL AFFECTIONS. For thirty years these Troches have been in use, with annually increasing favor. They are not new and untried, but having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age.

The Troches—"Brown's Bronchial Troches" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion of the voice, and produce a clear and distinct enunciation. Speakers and singers find the Troches useful.

A Croup, Cold, Catarrh or Sore Throat requires immediate attention, as neglect often leads to results in some incurable Lung Disease. "Brown's Bronchial Troches" will almost invariably give relief. Imitations are offered for sale, many of which are injurious. The genuine "Brown's Bronchial Troches" are sold only in boxes.

BRIEFLETS.

—Have you voted?

—Prof. Severance's dancing school tonight. Don't forget it.

—Mr. and Mrs. H. P. Bliss had a small but pleasant tea party last evening.

—To-morrow night John Dillon, the comedian, who needs no introduction, is to appear in all the glow of the "Electric Light."

—Jay Klat's Humpty Dumpty troupe promises to serve up fun at the Opera house to-night. The price of tickets is almost nominal.

—To-night the returns will be received in Lappin's hall in accordance with the arrangements already announced. There will be music and other necessities provided to fill up any delay between telegrams and the happy scheme has been hit upon for paying the expenses, by charging ten cents admission, which is little enough.

THE WEATHER.

REPORTED BY PETERSTE & LYNSSON, DRUMHISTERS.

The thermometer at 6 o'clock last night stood at 40 degrees above; at 1 o'clock A. M. today at 39 degrees above; at 7 o'clock A. M. at 41 degrees above, and at 1 o'clock P. M. at 59 degrees above. Clear.

PERSONAL.

—J. D. King is at home to-day.

—Father Munich returned from St. Louis to-day.

—E. P. Welton was in Salt Lake City the latter part of last week, and remembers us with copies of papers from there.

—G. A. Carter has entered the employ of J. & D. Creighton, and can now be found at their Centennial store, ready to wait upon such of his many friends who may wish anything in the dry goods line.

—Thomas Lappin made his first appearance on the streets to-day since his return from his Atlanta trip. He seems quite feeble yet, but if well wishes of many friends count for anything, he will gain health and strength fast and keep it long.

—G. W. Horsey and family left to-day for Chicago, where they are to reside. Mr. Horsey having entered the employ of Bauer & Co., as assistant in their musical warehouses. The many friends of Mr. Horsey and his many patrons will regret to have them move hence, but their best wishes will go with them. Mr. Horsey has been on the road much of the time for nineteen years, and with piano tuning, selling and repairing musical instruments, and all branches of the music trade is thoroughly conversant. He is practical, energetic, and straight forward, and cannot fail to win and hold a large trade for Bauer & Co. In all parts of this State he has had many patrons, and among them the best musical artists, and his work has given such satisfaction that he has always had more demands upon his time and skill than he could meet. Knowing the music business as he does, and with his many good qualities of heart and head, he is a valuable man for any house in that line.

THE POLLS.

To-day the citizens are exercising their right of suffrage, and are doing it in a very quiet manner, there being little local excitement, though intense interest is manifested as to how the vote is resulting elsewhere. By the number of votes cast until 2 o'clock, it seems that the vote here would be rather lighter than was expected, but the assurance of the usual overwhelming Republican majority is conceded by all. The streets have a quiet look, indicating that most of the farmers are staying at home to do their duty at their town polling places, but this evening there will be a rapid flowing of all hands, when reports begin coming in, and the work at the polls is ended.

PETTY BURGLARY.

The residence of Adam Sumner was entered last night by burglars, who succeeded in getting away with \$10 in cash, without disturbing the family. Mr. Sumner is away from home, and Mrs. Sumner lately received some money from him, and last evening was out shopping and settling some business matters. On returning home she put \$10 in a glass vase, not having her pocket-book conveniently near. This morning she found the front door unlocked, the key lying on the floor and the \$10 gone. It seems that some one must have been watching her, else they would hardly have found the money so readily. There were some fresh tracks of a man's boot in the back yard, but aside from this there was nothing left as a clue to the doers of the deed.

BEFORE THE BATTLE.

Lappin's Hall Crowded Last Evening With Enthusiastic Republicans.

The largest and most enthusiastic Republican rally yet held in Lappin's hall during the campaign was that held last evening. The main floor and the gallery were crowded to the full, and everybody was wide-awake and kept awake, and from the beginning to the close the audience kept their seats, listened attentively, and applauded lustily. Stanley B. Smith called the meeting to order, and on motion Hon. Hamilton Richardson was chosen chairman. He started the fire successfully, and others followed and kept the enthusiasm in a blaze by short speeches full of points and all to the point. Hon. James Sutherland, A. H. Baxter, B. P. Danwidder, O. H. Fethers, S. J. M. Putnam, and H. A. Patterson followed one another with short, clear sentences full of the issues to be decided to-day. Few cities of the size of Jamesville can present so many able speakers, and they all did themselves and their party great credit. The musical part of the programme was no less excellent. The Bowler City Band played some stirring selections, and the Glee Club, consisting of C. N. Vankirk, Charlie Clark, R. R. Lee, George Friedman, Will Bintliff, and Charlie Carter, with Mrs. Bintliff as accompanist on the organ, gave some excellent campaign songs.

—A large number of our citizens participated in the session of the Sunday school association, at the Junction, last week.

—The cheese factory suspended operations this week, owing to a scarcity of milk. A quantity of cheese has been sold to private parties at 11 1/2 cents.

—Among the campaign speakers on the Republican side of the question during the late canvass were the following: Professors Rockwood, Harvey, Miller, Hon. P. Norcross and M. D. L. Fuller. No doubt other representatives of the alumni took part and many former students were engaged in the work.

—Frank Miller has entered into partnership with S. S. Osburn in the blacksmithing and wagon repairing business and has taken up his residence in this block.

—Miss M. E. Douglass, principal of the graded school, was ill last week and was obliged to go home. Miss A. M. Johnson filled the position satisfactorily during the absence of Miss Douglass.

—C. E. Gravel, who is a teacher at Cooksville, came home Friday and remained until Tuesday to cast his vote for Garfield.

—Mrs. Barless, of Rock Prairie, sold Williams and Borden a bunch of hogs last week that averaged 400 pounds. It is the best average of the season to this date.

—Elliott Moore went to his home at Watpau on Saturday for the purpose of casting his maiden presidential vote for Garfield and doing what he could to defeat Bragg.

—D. D. Barnick, at present in the employ of Fish Bros. of Racine, came home on Friday to vote for the winner.

—Percy W. Davis, of Eldorado Canyon, Nebraska, was elected a member of the Nevada legislature on Tuesday. He was the candidate of both parties in his county.

—R. Vincent and wife are in town stopping at the old homestead. We regret to learn that friend Vincent is suffering from a lung difficulty, and has had several bad attacks of bleeding at the lungs since his arrival in town.

—Percy Howard, of Iowa, is in town visiting relatives.

—Mrs. Charles Fuller has been dangerously ill, but is some better at the present writing.

—President Williams, Prof. Williams, Postmaster Green, Prof. Place, and others, visited Lake Koshkonong, last Sunday, and made an investigation of some of the ponds in that locality.

—The live hog market showed considerable activity, last week, at a range of \$3.80 to \$3.90, and on Monday buyers paid as high as \$4 for choice, heavy hogs. A break in prices is likely to occur this week, should receipts and packing points be large, or the weather warm.

—Williams & Borden shipped three carloads, last week, and three more, Monday morning, one car in the last lot averaging nearly four hundred pounds.

—Anderson & Grubb, the grain dealers, visited the Cream City, on Monday, to look after their interests.

TO OUR PHYSICIANS.

Will the physicians of our city please report promptly to the Board of Education any case of contagious disease, particularly of diphtheria, in the homes of children attending the public schools. By so doing you will contribute greatly to the public welfare.

This request is necessitated by the fact that parents frequently continue children in school after being exposed to violent disease, and so prepared to communicate it to others.

That the apparently healthy members of the afflicted family, attending school, are said to be kept aloof from the patient does not suffice to allay the public anxiety in such cases, and so our schools are often decimated when a little prudence on the part of a single family would avert such a public loss.

A report can easily be made to the Board of the Board of Health, or to Stanley B. Smith at the Rock County National Bank.

Mrs. Wm. Tierrett, Owaseo, N. Y., says:—I have won an Improved Excelsior Kidney Pad about three weeks, and have received great relief from it for pain in the back.—See Advt.

MILTON.

—Mr. Jackson moved out of the Milton house this week, and opened a butcher shop and eating house in the Border building, adjoining the railroad track on the east side square. The Milton house is now vacant and it is very desirable that a good hotel man be found to open it for the accommodation of the traveling public.

—We clip the following item from the Atchison (Kansas) Daily Patriot, and together with the Milton friends of Mr. Gane's father congratulations:

Atchison, Mo., Nov. 1.—The residence of the bride's father, near Yorkville, on Wednesday, Oct. 13th, by Rev. Price, of Oaklousa, Umberto S. Griffin and Luella J. Hart, of Jefferson county.

The groom is a son of Hon. S. P. Griffin of this county, and brother of Hon. O. P. Griffin of this city. The bride is one of Jefferson county's famed daughters. The Patriot congratulates the young couple.

—Otho Craig, who escaped from the Insane Asylum at Madison some months since, and who was supposed to be dead, has been heard from. He is at Hookkall, Minnesota, stopping with a man by the name of Null.

—James Home shipped a carload of hogs last week of his own raising that averaged 344 pounds.
